

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN AND INSULAR.

CUBA.

Quarantine Against Arrivals from Mexico Modified.

Quarantine restrictions on account of plague, previously in force at ports in Cuba against vessels arriving from Mexico, were modified by order of the Cuban quarantine service December 8, 1920.

JAMAICA.

Infectious Disease Reported Present.¹

Alastrim or Kaffir pox has been reported in the island of Jamaica as follows: Week ended November 13, 1920, 330 cases; week ended November 20, 1920, 294 cases.

POLAND.

Cholera—Sanitary Measures Against Spread.

Under date of October 23, 1920, sanitary measures were ordered to be enforced in eastern Poland to prevent importation of the cholera infection present on the eastern frontier to other portions of the country. A sanitary cordon with quarantine stations was ordered to be established and all persons entering Poland from the infected regions, with the exception of Government officials and persons engaged in urgent public business, were required to pass through this sanitary cordon. The persons exempted from these requirements were required to undergo five days' observation at their place of destination.
